**Sixth International Conference on Integration of Science and Technology for
SUSTAINABLE DEVELOPMENT 2017 (6th ICIST 2017)
November 24-26, 2017**

INVITATION

The ICIST 2017 Organizing Committee invites you to participate in the sixth International Conference on Integration of Science and Technology for Sustainable Development 2017 (6th ICIST 2017) which will be held on November, 24-26, 2017 at Hotel Supreme and Convention Plaza, Baguio, Philippines. The theme of the Conference is "Agricultural Innovations and Entrepreneurship, Environment Stewardship and Food Security for Socially Engaged Communities."

ICIST 2017 is envisioned to initiate and widen international networks among the academics, researchers, scientists and people from the industry who share the common vision that science and technology is an avenue for growth and progress in agriculture. It is a venue for knowledge exchange and discussion among those seeking new visions and insights in innovations and trends in progress in food security and sustainable development.

The Conference Committee will exert best efforts to ensure you a scientifically informative and meaningful conference and an unforgettable stay in the Philippines.

Please note that this INVITATION is only to facilitate your entry visa and attend the conference, but not imply any financial assistance.

I look forward to seeing you in Baguio City, Philippines.

Very truly yours,

Kasem Soyong

Kasem Soyong
President

CALL FOR PAPERS

INTRODUCTION

The integration of various topics in biological science and technology in agriculture is needed for sustainable development. As a resource of knowledge, AATSEA realizes the responsibility to serve the community by providing education, research and development in the multi-disciplinary aspects of biological sciences, technology and social sciences. It is the main objective of this conference to initiate and widen the international networks among members of the academies, researchers, scientists, entrepreneurs and all stakeholders in pursuit of food security and committed communities. ICIST 2017 is a venue for knowledge exchange and discussion among those seeking for new vision and insights and sharing the same mission in transforming generational sustainable development.

For the technical point of view, the conference will explore various topics as following sessions:

Agri-business and Agricultural Development, Agricultural Mechanics and Engineering, Biological Diversity and Microbiology, Animal Science, Environmental Science, Fisheries Science, Food Science and Technology, Plant science (Horticulture, Agronomy, Postharvest Technology), Plant Pest Management (Plant Pathology, Entomology and Weed Science), Soil and Environment, Water Reservation.

CALL FOR PAPERS

The organizing Committee cordially invites you to submit online the abstract of 1 page. The submission form and abstract (500 words) of A4 form are available for downloading at www.ijat-aatsea.com.
